Choose Your Path

ODM: Turnkey solutions from concept to certification.

OEM: Scalable, traceable precision manufacturing based on your designs.

Our services

Making it Healthy and Cozy

Three Pillars of Service

1.Innovation & Design

- World-class industrial design and user experience team.
- Dual R&D Centers: Shenzhen (Experience Innovation) & Changsha (Medical Technology).
- Medical research team and partner healthcare institutions providing support for medical efficacy.

2.Uality & Operations

- Rapid response for sales and quotations.
- End-to-end quality control.
- Global logistics and supply chain management.

3.Compliance & Market Access

- Support for market access certifications (e.g., FDA, CE).
- Regulatory registration guidance for target markets.

Core Team Delivering Services

- 50+ Senior Experts: Over 91% hold advanced degrees.
- Veteran Engineering & Management: Teams with 20+ years of experience ensuring quality and on-time delivery.
- Dedicated AI Algorithm Team: 20+ members driving product intelligence.
- Medical Team: Masters degree or higher, possessing clinical backgrounds and an international network of experts.

Our Products

Making it Healthy and Cozy

06.

Category 1: Electrotherapy
Category 2: Medication Management
Category 3: Night Lights
Category 4: Seat Cushions
Category 5: Shower & Bath Benches

Our services

Making it Healthy and Cozy

Category 1: Electrotherapy

Business Performance:

- #1 Global Market Share in TENS electrotherapy.
- #1 Market Share in the US, CA, and UK; #2 in ES; #3 in DE and FR.
- Holds 5 spots in the Top 10.
- #1 Market Share for electrode pads in the US, CA, and UK.

Re: K211184
Trade/Device Name: TENS and EMS Stimulation (UTC)
Regulation Number: 21 CFR 882.5890
Regulation Name: Transcutaneous Electrical Nerve Stimulator for Pain Relief
Regulatory Class: Class II
Product Code: NUH, NGX
Dated: February 16, 2022
Received: March 9, 2022

Dear Eva Li:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure(s)) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. Although this letter refers to your product as a device, please be aware that some cleared products may instead be combination products. The 510(k) Premarket Notification Database located at https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpmn/pmn.cfm identifies combination product submissions. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.
